ICBS Ltd., entered into talks to acquire 100% ownership of BioSpec Global Solutions Inc.

New York, Montreal , May 25,2010 –**ICBS Ltd. (OTCPK: [ICBT](#))**, announced today that ICBS has enter into talks with BioSpec Global Solutions Inc., to acquire 100% ownership of the company.. Currently ICBS holds a 25% interest.

"BioSpec Global Solutions Inc., is currently in the process of brining their new TOG's 3000 to the world markets and is in current talks with a Chinese distributor. This will require additional financing ," said Don Saunders, President of BioSpec Global Solutions Inc., " We see ICBS as being the logical choice of partners here, given their ability to raise capital and provide the much needed business expertise that will enable us to become a major player in the international market place. The parameters of the deal are being kept confidential, however the current relationship has been so successful, we feel that this will be a mutual opportunity."

ICBS specializes in mergers and acquisitions (M&A) advisory services and invests in selective businesses with potential for high growth. The Company has designed a three-pronged business model that can potentially yield long term rewards with relatively diversified revenue streams, by;

- Acquiring and consolidating undervalued opportunities in selective high-growth industries to create value for our shareholders and target partners by combining expertise in both the product and capital markets.
- Acting as an incubator for emerging companies
- Taking interest in partner companies to align with their long-term interest and help build enduring value for our investors.

BIOSPEC Global Solutions Inc., is a technology solutions company. It's focus is to bring to the global market, innovative, state-of-the-art technologies, developed by Aquasure Technologies Inc. for rapid, onsite (remote) monitoring of microbial contamination in drinking water, recreational water, agriculture & food, pharmaceuticals and medical applications

The company holds worldwide patents on the TOGS™ 3000 and TOGS9000 .™
